

# House rules

We have tried to offer our guests a decent space for their vacation. We will kindly ask you to **respect** our effort and our next guests after your departure.

- The use of the parking lot is free.
- We would like to request that you do not smoke inside the house.
- The use of the outdoor grill is prohibited. The ban is strict. Fire hazard
- Do not use real candles indoors and outdoors. The ban is strict. Fire hazard.
- Parties, noise, and the entry of more people than those declared in the reservation are prohibited.
- Please respect the lodge, keep it clean and avoid actions that may damage or destroy the furniture and appliances.
- Do not cut anything directly on the kitchen counter, sink and kitchen stove. Please use the cutting board.
- Do not drag any pot or pan on the kitchen stove in order to avoid permanent damage and malfunction.
- Do not throw papers and garbage into the toilet bowl. There is a basket right next to it.
- There are stairs both inside and outside the residence. Beware of small children. There is a risk of an accident. You must have them under your supervision.
- Please do not operate the air conditioner with open windows or when you are away.
- Please do not go to the area of the maisonette next door. It is a foreign property. Respect the privacy and tranquility of the neighbors.
- The garden lights are switched on by fuses in the downstairs panel. The floodlight that illuminates the entrance is solar powered and turns on by itself as soon as it gets dark.

- There is a solar water heater that provides hot water continuously.
- Please do not leave lights on if you are not in the area or room.
- The television, due to poor television signal in the area, works only with the use of the TV box.
- Using the mini washing machine: Turn on the water supply switch of the washing machine. Put the washing machine water drain pipe into the toilet bowl. Connect the washing machine to the mains. The wall power outlet is right outside the bathroom. The washing machine can pre-wash if desired. Put the clothes in the drum and pour the detergent and fabric softener into the drum. After finishing washing, turn off the water supply switch and remove the plug from the socket.
- When you are at home, leave the keys on the outer side of metal lock because otherwise there is a possibility of being locked out. When you leave home, lock all doors and metal window and door guards.
- It is forbidden to go to the back side of the site, there is a risk of falling and injury. Caution! Keep children under your supervision, do not let them go near and play in the area where the firewood is. There is a risk of the firewood falling and causing injury.
- Watch yourself and the children on the stairs. Risk of falling and injury.
- A highchair and a playpen are available on site if requested.
